

LIGHT DUTY SERIES

GPC X1-LD & GPC X1-LDF

GPC X1-LD

GPC X1-LDF

SPECIFICATIONS

The all-new LD/LDF, designed for today's compact cargo vans. Imagine what this gate will do for your productivity. Discover Maxon, the new heavy in light.

- Lightest liftgate in it's class (fewest amount of parts due to the patented X1 technology)
- Available as a solid platform (LD) or split platform model (LDF)
- Ultra-slim control box (0.2" thick)
- Simple bolt-on installation (no cutting or welding on chassis frame)
- Bridge plate standard

Model Capacity	Total Weight	Aluminum Platform
GPC X1-LD 1,300 LBS	322 lbs	63" x 53"
GPC X1-LDF 1,300 LBS	415 lbs	63" x 53"

LIGHT DUTY SERIES

GPC X1-LD & GPC X1-LDF

MAXON®

Standard Equipment

- 0.2" flat main control
- Quiet power pack with thermo switch
- Automatic tilt-up and tilt-down at ground level
- Maintenance-free bushings
- Warning flashlights on platform corners
- Bridge plate
- 3 button handheld control
- Bolt-on Installation brackets

New Generation Control

Extremely flat (0.2") control module suitable for mounting on the van body. Extra robust and waterproof

Bolt-On Install

Pre-drilled mount plates bolt right to the vehicle chassis

Patented X1 Technology

Patented X1 technology (only 1 lifting and one tilting cylinder needed) enables to build the lightest cargo van gate solution with the lowest maintenance costs.
